

Online Event Registration – System Requirements

Internet Explorer version 6.0 or newer

SteepleTiming.com's Online Event Registration requires Internet Explorer version 6.0 or newer. To check the version of your browser, open Internet Explorer, click on "Help" on the top menu and click on "About Internet Explorer". The window that you will see should be similar to the following:

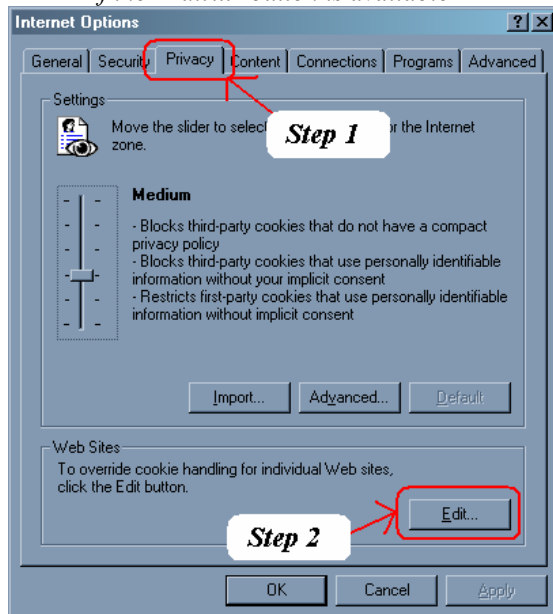

The version is listed toward the top of the window as indicated by the red arrow in the example above. If the version number is less than 6.0, then you must download an Internet Explorer upgrade (also called the Internet Explorer 6 Service Pack). Go to the following Microsoft.com website page and select the Internet Explorer 6 Service Pack:
<http://www.microsoft.com/downloads/Popular.aspx?DisplayLang=en&categoryId=>

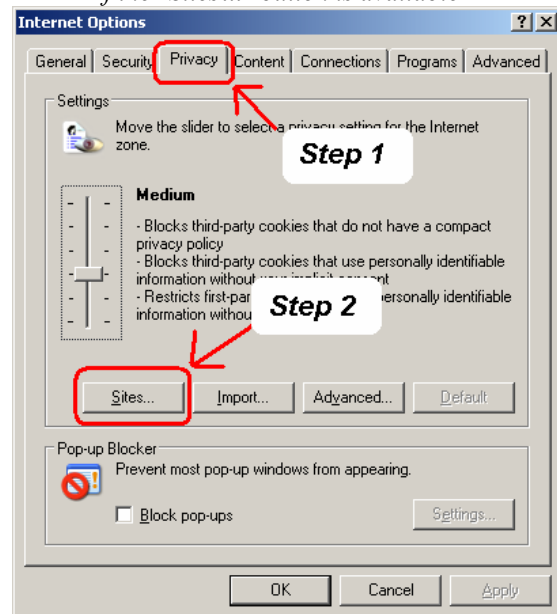

Accepting Internet Cookies

SteepleTiming.com's Online Event Registration also requires that your browser can accept internet cookies. To ensure that your browser will do this, click on "Tools" on the top menu and click on "Internet Options...". Choose the tab at the top of the window labeled "Privacy" (see the example below), and then click on either the "Edit..." button at the bottom of the window or the "Sites..." button, which ever is available (see examples below). The button depends on your version of Internet Explorer.

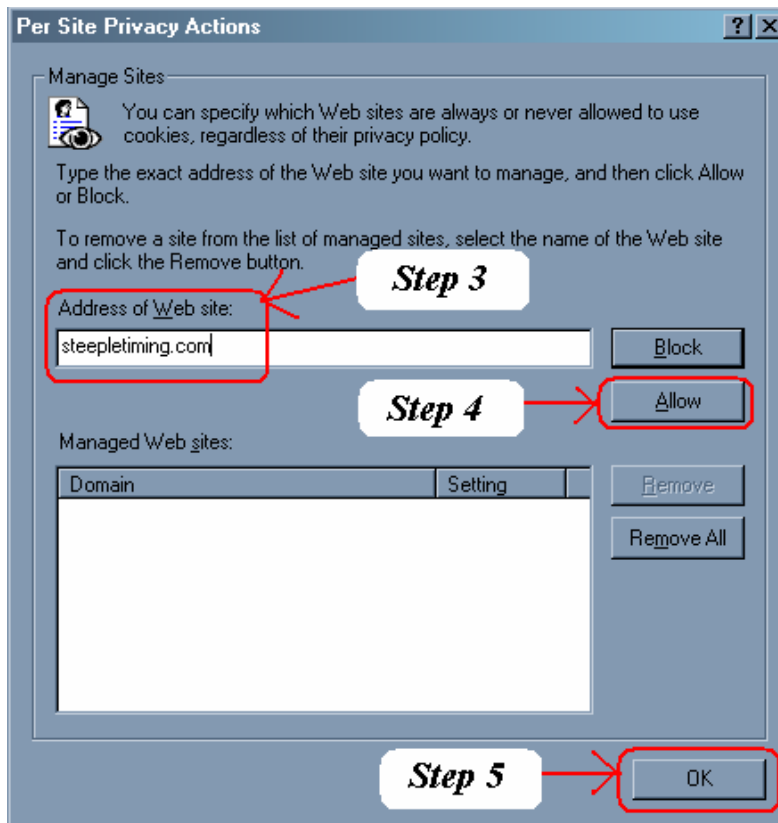

If the "Edit..." button is available

If the "Sites..." button is available

The next window that appears should be similar to the following:

In this window, type in "steepletiming.com" in the top text box, click on "Allow", and then click on "OK". Click "OK" again to close the first window. At this point, your browser should allow SteepleTiming.com's internet cookies.
